Where blinds are delivered by carrier a charge of £9.00 plus VAT per delivery will be made where the total delivery value is less than £60.00 plus VAT.

\*\*All deliveries to residential addresses regardless of value will be charged an additional £5.00 plus VAT\*\*

Account payments can now be made by credit or debit card. Fees apply for credit card transactions

## Child Safety - BS EN 13120 Guidelines for Window Blinds

The standards are applicable to all homes, all public buildings and any other premises where babies and young children aged 0 - 42 months are likely to have access or be present. Exceptions where the legislation may not apply are where internal blinds are installed in premises where children are unlikely to have access with examples being factories, laboratories, etc.

We can take orders where the fixing height is unknown, and as such will be providing products that meet the standard as stated in option ① for each type of operation control. If the fitting height is provided then blinds will be manufactured to the regulations stated in option ②

- ① If fixing height is unknown
  - Blind drop < 2.5 metres, the chain length can be < 1 metre.
  - Blind drop > 2.5 metres, the chain length must be drop of blind minus 1.5 metres.
- ② If fixing height known
  - All blind drop sizes, distance between floor and bottom of chain must be greater than 1.5 metres.
- ③ Cord tidy
  - Affix a cord tidy to the wall at the maximum distance possible from the blind control mechanism ensuring all operating cords are taut (chain no more than 50mm apart at entry/exit of cord tidy).

- ① If fixing height unknown
  - Blind drop < 2.5 metres, the chain length must be max 2/3 blind drop.
  - Blind drop > 2.5 metres, the chain length must be max 2/3 blind drop.
- ② If fixing height known
  - All blind drop sizes, distance between floor and bottom of chain must be greater than 0.6 metres.
- ③ Chain must be fitted with 2 x Easybreak connectors 200mm apart
  - Will break apart when excessive force is exerted on the chain.

### Products under this category

1. Venetian - pull cord to be fitted with cord cleat
2. Pleated - pull cord to be fitted with cord cleat
3. Vertical Blinds - double safety device for cord & chain
4. Vision Duo - chain loop single safety device

### Products under this category

1. Roller Blinds - 2 x easy break connector

## Roller Blind Specification and Child Safety Information

A white sidewinder mechanism with powder coated white metal brackets and a heavy duty 32mm fluted barrel is fitted as standard on the right hand side of all roller blinds.

The standard mechanism is also available in Brown, Black and Cream with matching brackets and chain. Chains have 2 child safe break connectors and are limited to 2/3 drop of the blind unless the fitting height is supplied in compliance with the current legislation. Plastic bracket covers are also available at an additional cost. A standard spring roller is available in white only at no extra cost. All prices are calculated on pin sizes and finished drops.

Blinds are supplied with a sewn & turned bottom pocket, universal brackets, screws, fitting instructions and warning safety tags and labels. As all blinds are custom made, shaped bottoms may be finished differently from the illustrations to ensure the overall appearance of the blind is balanced.

On standard finish blinds the braid or tassel will be placed across the stitching line.

## Optional Extra Charges

1. Re-Covers - Roller Blinds with customers own fittings Deduct 10% from normal price for complete blind
  2. Roller blind repairs or alterations - Min charge £27.00
  3. Open Cassette Headbox (Vision Duo) with fabric insert - Add £22.50 per metre (Available in Black, White and Cream)
  4. Contract Spec sidewinder on 40mm H/Duty barrel - Add £15.50 per blind (recommended for blinds over 72"/180cm wide)
  5. Duo Link System - Add £17.00 per new blind created
  6. Multi Link System - Add £10.00 per new blind created
- Duo & Multi Link are only available on the 40mm contract system which is included in the above prices.
7. Silver or Gold metal chain for sidewinder - Free of charge optional extra
  8. Metal Extension Brkts & Shallow Fixing Brkts for standard 32mm system - Add £4.50 per blinds
  9. Plastic Bracket Cover (all colours) - Add £0.90 per blind
  10. The external round bottom bar prices can now be found on the trims chart  
Bars are available in Round White & Silver.
  11. Fully Framed Cassette Blackout System with side channels available. POA (Previously referred to as System 65 & System 85)
  12. Replacement Barrel/Mechanism/Brackets - £13.50 fixed cost plus £9/m

Blinds over 48" may have a fabric join in the form of a central panel with balanced side joins (dependant on the width of the fabric supplied)

**This Type of blind is NOT suitable for bathrooms or very moist conditions**

Fabrics to Use: 100% Cotton or Polycotton give best results

Fabrics to Avoid: Loosely woven and/or flame retardant fabrics. Piles, Silk and Acetate based fabrics. Fabrics which fray easily  
Striped and Checked fabrics.Quantity Required: **Drop plus 15"**, **Width plus 4"**. Please indicate the face side of the fabric if this is not clear

## Vertical Blinds Information and Specification

Colorway offer 2 vertical headrails with our main made to measure ranges which are suitable for a variety of applications. Each comes with white plastic weight and chains, top or standard face fix brackets, screws and fitting instructions. Specialist face fix brackets are available at extra cost (see below).

### Child Safety

To comply with the latest Child Safety legislation, cords and chains will be limited in length to 1m (upto 2.5m drop) and must be installed with the double cord/chain capture device provided.

### Headrail Choices

**Standard Rail - VOGUE** - A slimline rail with curved contours. White as standard.

(Piano Black, Champagne Gold, Brushed Steel with black carriers, brackets and weights and chains - **ADD £9.00 per metre**)

**Optional Rail - IMPALA**: A premium wide bodied rail with wheeled carriers, available in white, brown and silver at no extra cost.

LOUVRES ONLY: 127mm/5" DEDUCT 35% from normal blind price. 89mm/ 3.5" DEDUCT 25%. Price includes standard weights and chains (To calculate cost, multiply no. of louvres by 3 (for 3.5") or 4.5 (for 5") to arrive at an approx width. Add 2" to the louvre size to get correct drop) e.g. 24 x 5" louvres @ 46" louvre size. 24 x 4.5 = 108" wide. Drop = 46 + 2 = 48" drop. Calculate price on 108 x 48 and deduct 35%

SLOPING BLINDS: ADD 35% to normal blind price based on largest dimensions. N.B. On blinds with steeper slopes the louvres may be fixed (i.e. not draw back) but will still rotate, dependant upon the angle.

### Extras and Services

Headrails Only (Vogue/Impala in white - other Vogue colours add surcharge as above)

1. 5" - £29.00/m - minimum charge £27.00
2. 3.5" - £33.00/m - minimum charge £27.00

3. Headrail Alterations: Min Charge £27.00
4. Louvre Alterations: 90p/louvre min charge £27.00
5. Metal Louvre Chain: ADD 5%
6. Mixed Fabrics/Colours: ADD 5%
7. White Plastic Louvre Weights: 35p each
8. White Plastic Louvre Chain: 55p/m
9. Child Safe Mono Wand Control - no extra charge

### Face Fix Bracket Options
